**Subject:** meeting scheduling

Hi Melissa,

Here's what I have as meetings that need to be set up.

1. 303(d) list coordination meeting
2. Continue rule package discussion
3. Litigation meeting

Do you want to take a crack at putting some dates out there for these? Angela and I will be out a few chunks of time in the next month, so please avoid March 24-28, April 4, April 11, and April 14-18.

Please make sure Angela is copied so one of us gets your response and can hold dates. Thanks,

---
